Pesticides and Repellents

Product	Size	Comments
Concern Citrus Home Pest Control	32 oz.	Made from orange peels. May be used around food, humans and pets.
Safer Insecticidal Soap, Concentrate	8 oz.	Kills soft-bodied pests on vegetables, flowers, fruits and houseplants. May be used up to the day of harvest.
	16 oz.	
Safer Insecticidal Soap-Ready to Use	24 oz.	
Neem Oil	8 oz.	A natural insecticide, fungicide and miticide that is safe for mammals. Acts as a repellent, feeding inhibitor, egg-laying deterrent, growth retardant, sterilant and direct toxin. Great for difficult to treat pests, such as whiteflies, scale, mealybugs and spider mites. As with any broad spectrum pesticide, do not over use.
	16 oz.	
Pure Neem Oil	8 oz.	Some of our customers prefer Pure Neem Oil. Note: It is harder to mix.
Thuricide	8 oz.	Contains <i>Bacillus thuringiensis</i> . A biological control for leaf chewing caterpillars. No waiting period from time of application to harvest.
Dipel	1 lb.	Thuricide is a liquid concentrate. Dipel is a powder in a shaker can.
Concern Multipurpose Insect Killer Ready to Use (RTU)	12 oz.	Derived from an African chrysanthemum flower, this pyrethrin-based insecticide is effective on a wide range of bugs, beetles, caterpillars and other listed insects. May be used right up to the day of harvest.
	32 oz.	
Earth-tone Insect Control (RTU) New!	24 oz.	Fast acting, general purpose insecticide for houseplants and gardens. Contains natural pyrethrins and canola oil. Kills all stages of insects—adult, larvae and eggs. May be used right up to the day of harvest.
Organocide	32 oz.	A broad-spectrum organic pesticide/fungicide. Contains sesame seed and fish oil and is reported to be effective against whiteflies, aphids, scale, mealy bugs, powdery mildew, black spot on roses and lots more.
Tanglefoot Pest Barrier	15 oz.	Keeps ants off feeders and larval food plants. Slather a thick layer on Martin House/Gourd Poles to protect from snakes.
Oak Stump Mosquito Trap New!		Uses a mosquito egg pheromone which mosquitoes use to mark special egg-laying places. Mosquitoes are drawn into the trap to lay eggs and cannot find the exit and will eventually tire and drown in the liquid. Trap reusable—replace bait pack every 4 to 6 weeks.
Flea Trap (coming soon!) New!		Rid your home of fleas without the use of chemicals. This trap uses light and heat to attract fleas 24 hours a day. Draws fleas from up to 25 feet away. Capture pad holds up to 10,000 fleas.
Wasp Trap		Turns beverage bottles into pest catchers. Just fill the bottle with a little soda or sugared water--wasps, yellow jackets & hornets will find the sugar irresistible, go into the bottle and become trapped. Then just dispose of the bottle and re-use the trap.
Horticultural Oil	Pt.	Broad spectrum. Smothers the pest. May be used right up to harvest.
	Qt.	
Mosquito Dunks	6 pack	<i>Bacillus thuringiensis israelensis</i> . Each Dunk kills mosquito larvae for 30 days or more. Safe for use in fish habitats.

Pesticides and Repellents

BioDefend Animal Repellent, Granular	1 lb.	Child and pet safe. Protects for up to 90 days. The active ingredient is rotten eggs which has long been known to work. In the past however, products containing eggs oxidized quickly and so did not work for long. BioDefend contains a new ingredient, Extendex, which improves this product over the competition.
BioDefend Animal Repellent, RTU Spray	32 oz.	
Dr. T's Whole Control	32 oz.	Repels moles, voles and armadillos. Highly recommended by customers for moles. Works GREAT for armadillos per Mary of Native Nurseries—'Come talk to me about it!'
Plant Pro-Tec	12 Ct.	Slow release garlic sticks. One application repels deer and rabbits for a whole season. Follow package directions carefully. Money back guarantee. Highly recommended by many of our customers. In 2006 we started hearing from some customers who have used this product for several years. They report that deer now stay away from the areas they've been protecting with Plant Pro-Tec. Most, however, say they keep a small bag of Plant Pro-tec on hand just in case.
	50 Ct.	
Sluggo	1 lb.	The active ingredient in this very effective bait is iron phosphate. Unused product breaks down to fertilizer in the soil.
Diatomaceous Earth	5 lbs.	Made from finely ground fossils of prehistoric fresh water diatoms. Pests coming in contact with or consuming the product are nicked and dehydrate and die within 48 hours.
Food Grade Diatomaceous Earth New!	5 lbs.	OMRI listed. Fed to livestock and pets (dogs and cats) to kill parasites in the digestive system with no side effect to the animal. Also rubbed into fur and dusted into bedding to kill fleas (adults, larvae and eggs).
Anti Fuego Soil Conditioner	32 oz.	According to organic gardeners, this product is effective against fire ants. Orange oil dissolves the pests exoskeleton, humate consumes the pest, molasses speeds the process. Feedback from customers is very good.
Ferti-lome Come and Get It Ant Bait	1 lb.	The active ingredient is spinosad, a natural, organic substance. Numerous university studies are finding good results for fire ant control when products containing spinosad are used in conjunction with citrus based products. Use Come And Get It first to kill the queen, with an application of Anti Fuego's several weeks later to clean up any remaining worker ants.
Perma-Guard	1 lb.	Diatomaceous earth plus pyrethrin. Very effective against fire ants. Fast results.
Beneficial Nematodes	7 mil.	Your natural ally against more than 230 kinds of soil-dwelling and wood-boring pests, including: fire ants, flea larvae, subterranean termites, grasshoppers and sod webworms. Remains effective for approximately two years. Treats up to 2000 sq. ft. Safe for people, pets and the environment.
Flea Destroyer	7 mil.	To have effective flea control, you must treat the pest on the pet, in the carpet and upholstery and outside in the yard. Flea Destroyer is the solution for outdoor flea control. Beneficial nematodes penetrate the body of flea larvae living in the soil. After killing the pest, they reproduce and a few weeks later thousands emerge to search out more larvae.

Fungicides

Product	Size	Active Ingredient
Safer Garden Fungicide, Concentrate	16 oz.	Sulfur
Safer Garden Fungicide, RTU	32 oz.	
Concern Copper Soap Fungicide	32 oz.	Copper
Neem, Organocide, bat guano and worm castings also have fungicidal properties.

Fertilizers and Soil Amendments

Product	Size	Comments
Maxicrop Liquid	35 oz.	Maxicrop Liquid Seaweed and Soluble Powder Seaweed reduce plant stress, encourage strong plant development and provide increased plant health, quality and productivity. Powder is OMRI listed.
	1 Gal.	
Maxicrop Powder	10.7 oz.	
Alaska Mor Bloom	32 oz.	If you like tons of blossoms, this is the product for you!
	1 Gal.	
Neptune's Harvest Fish Fertilizer 2-4-1	18 oz.	From fresh fish remains by a unique cold process that protects the vitamins, amino acids, enzymes & growth hormones. Nitrogen and other nutrients are already chelated & readily available for plant consumption. Contains all the micro & macro nutrients naturally found in fish without the unpleasant odor. Does not contain Atlantic menhaden, a declining keystone species that's critical to ocean ecology.
	32 oz.	
	1 Gal.	
Neptune's Harvest Fish & Seaweed 2-3-1	18 oz.	A blend of fish and seaweed ensures a complete fertilization program. Growers report increased marketable yields and improved shelf life on fruits and vegetables. Fish and seaweed are known to build sugars in plants. Does not contain Atlantic menhaden, a declining keystone species that's critical to ocean ecology.
	32 oz.	
	1 Gal.	
Fish Meal 10-5-0	3 lbs.	Contains important trace elements. Very odoriferous, use with caution.
Bat Guano	8 oz.	100% natural & organic w/fungicidal & nematocidal properties. Its high nitrogen content makes it ideal for houseplants, vegetables, fruit trees, flowers, ornamentals & lawns. It contains large amounts of naturally occurring microbes that are highly beneficial to soil.
Espoma Kelp Meal	4 lbs.	Excellent soil conditioner and rich source of minerals & plant hormones.
Espoma Holly-tone 4-6-4	5 lbs.	Rich in natural organics. Great for hollies, azaleas, rhododendrons, blueberries and other acid loving plants. Contains all major and minor trace elements.
	25 lbs.	
	50 lbs.	
Espoma Plant-tone 5-3-3	5 lbs.	All natural and organic plant food and soil conditioner. A long lasting and complete fertilizer, it improves soil structure, fertility and productivity. General purpose and lawns.
	25 lbs.	
	50 lbs.	
Espoma Rose-tone 6-6-4	5 lbs.	A quality blend of organics and inorganics for all types of roses. Promotes vigorous growth and beautiful blooms. Our rose customers
	25 lbs.	
Espoma Tomato-tone 4-7-10	5 lbs.	Based on six different university studies to develop the best blend of plant food nutrients to ensure successful tomato growing.
Espoma Bulb-tone 4-10-6	5 lbs.	Great for tulips, daffodils, crocus and hyacinths. Rich in bone meal and other natural organics to provide a complete, balanced feed for all bulbs.
Espoma Citrus-tone 5-2-6	5 lbs.	Based on university recommendations, formulated to produce abundant and flavorful citrus fruit. All natural organic.
New!		
Espoma Palm-tone 4-1-5	5 lbs.	Formulated from university recommendations, for all palm and hibiscus. All natural organic.
New!		

Espoma Garden-tone 4-6-6 New!	5 lbs.	Originally developed for professional gardeners. Provides safe, continuous feeding for all vegetables and deciduous plants.
	25 lbs.	
	50 lbs.	
Espoma Flower-tone 3-5-7 New!	5 lbs.	A premium flower food designed to supply the necessary nutrients to maximize abundant blooms throughout the growing season.
	25 lbs.	
Espoma Cottonseed Meal 6-2-1	18 lbs.	Unlike other brands, Espoma Cottonseed Meal is processed in a unique way which makes it very easy to use. 100% organic.
Espoma GreenSand	40 lbs.	Rich in the soil conditioning element Glauconite, GreenSand contains 6% total potash (.1% available immediately). Rich in trace elements.
Black Hen 2-3-2	20 lbs.	All natural, organic fertilizer. Composted poultry manure.
Plant Success	4 oz.	Mycorrhizal fungi spores protect plant roots from many fungal diseases, improve soil structure and assist with nutrient uptake. The result is stronger, healthier plants with increased yields.
Worm Castings	5 lbs.	A great soil conditioner and source of nutrients with fungicidal properties. Add it to your seed starter mix—seeds germinate like magic and damp-off goes away! Highly recommended by organic farmers, Cynthia Connolly of Ladybird Organics and Monticello Vineyards and Herman Holley of Turkey Hill Farms.
	10 lbs.	
	40 lbs.

People Protectors

Product	Size	Comments
Mosquito Barrier, concentrate See Oak Stump Mosquito Traps also—listed with Pesticides and Repellents	32 oz.	Garlic based. Originally recommended by customer, Laurie Covington. She says, 'Just spray Mosquito Barrier underneath your plants and all around your house, and mosquitoes stay away for two weeks!' We've also gotten positive feedback from other customers who say Mosquito Barrier really works!
Herbal Armor	4 oz.	Works without DEET. Non-greasy. Pleasant scent. No petrochemicals. Long lasting. Water resistant. 5 essential oils encapsulated in beeswax.
Herbal Armor, SPF16	4 oz.	
Tecnu	12 oz.	Removes poison ivy oils that cause rash and itching. Stops irritant from spreading and even heals the rash if you already have it. Decontaminates laundry, pets & tools. REALLY WORKS!!!
Tecnu Foil Packs	4-packs	
Itch-Nix	4 oz.	Works great for poison ivy and other skin rashes as well. Feedback from customers and employees has been very positive.

Herbicides

Product	Size	Comments
Herbicidal Soap, concentrate	1 gal.	Kills weeds without chemicals. Recommended by customer, Mary Estes. She uses it on poison ivy and says it works great!
Earth-tone 4in1 Weed Control RTU New!	24 oz.	Patented formulation features natural and food safe synthetic active ingredients. See results in hours. Prevents re-growth for up to 6 weeks!
Concern Weed Prevention Corn Gluten	5 lbs.	Active ingredient: Corn gluten meal, a nontoxic by-product of corn processing. It prevents seedlings from growing new roots and kills them within a few days. Because it's 10% nitrogen, it feeds your grass with an essential nutrient. And kids and pets can play on the lawn right after you apply it. Researchers at Iowa State University found that applying corn gluten meal one time-before weeds emerged-reduced the survival rates of dandelions, crabgrass, etc., by an average of 60%. After several years, the corn gluten meal provides as much as 90% control.
Bradfield Organics Corn Gluten 9-0-0	40 lbs.
